WASHINGTON OZAUKEE SEPTEMBER 2023

Washington Ozaukee WIC Caseload

WIC CASELOADS ARE ON THE RISE

Our local WIC project has continued to see a rise in caseloads as of the past 6 months by over 100 participants/month.

Typically, we see a dip in numbers from March-June every year, which did not occur this year.

We believe the increasing cost of food and living expenses as well as Food Share and Medicaid benefits are returning to pre-pandemic normal coverage amounts.

WAIVERS STATUS

THE EXTENSION OF THE PUBLIC HEALTH
COVID-19 EMERGENCY DECLARATION
WAIVERS ENDED IN
AUGUST 2023.

As the COVID-19 emergency waivers have ended, new ARPA waivers are in place and WIC has started to implement a new hybrid model for both in-person and remote services.

WIC staff are hopeful that our new model will allow us to continue serving eligible individuals in both counties by providing great WIC services.
