In re: Request for reimbursement of \$250 insurance deductible

I have been advised by Corp Counsel to submit my claim for damage reimbursement through your office.

I am attaching herewith the information regarding the tree versus truck incident that occurred on March 3, 2024.

I was driving from Saukville to Grafton via Hwy O. A tree fell across the roadway hitting my truck and shattering the passenger side window as well as the outside mirror. I believe this tree to be county owned and therefore seek reimbursement from Ozaukee County.

I contacted the Ozaukee County Sheriff's Department and Deputy Tracy came to my house to take photos and obtain a statement.

If you require any further information, please contact me via email as noted above.

Job Number:

2012 CHEV Colorado LT1 Extended Cab 4WD 4D P/U 5-3.7L Gasoline SFI

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DE1GD04, CCC Data Date 12/15/2023, and potentially other third party sources of data; and (b) the parts presented are OEM-parts. OEM parts are manufactured by or for the vehicle's Original Equipment Manufacturer (OEM) according to OEM's specifications for U.S. distribution. OEM parts are available at OE/Vehicle dealerships or the specified supplier. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships with discounted pricing. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2024 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:

Hi Elaine,

I received your email from Jon Edgren with the County. To assist you with your request for reimbursement, we would first need you to file a claim/incident report with the County. This way we have all the information surrounding your incident, and then from there I will further investigate. Please contact the county to submit your claim, and they will forward me the corresponding information needed. Thank you!

Best,
Mike

I'm forwarding to you the photos and estimate for the damage to my husband's vehicle due to a falling tree on Hwy O on 3-3-24, which struck his truck causing damage to the passenger window and side mirror.

We are seeking reimbursement from Ozaukee County of our out of pocket of \$250, which is our comprehensive deductible.

Deputy Tracy of the Oz. Co. Sheriff's Dept. came by on 3-3-24 and took some photos and advised to contact him if a report was needed. Please let me know if you need a report from him. Deputy Tracy also advised that there have been other reports of falling trees on Hwy O in the same area.

Thank you.

Agenda Summary Increase of Revenue Budget Amendment for a Southeastern Wisconsin Invasive Species Consortium, Inc. Grant for Invasive Species Management at Virmond County Park

BACKGROUND INFORMATION: The Ozaukee County Planning and Parks Department (Department) was awarded a grant from the Southeastern Wisconsin Invasive Species Consortium, Inc. (SEWISC) Assistance Program to improve the local ecology within Virmond County Park by controlling and managing invasive vegetation. Specifically, this grant will support contracting with conservation corps teams (e.g. AmeriCorps NCCC, Milwaukee Community Service Corps, Wisconsin Youth Conservation Corps and Great Lakes Community Conservation Corps) for assistance with invasive species management in Virmond County Park in 2024.

ANALYSIS: The total grant award is \$3,500. The Ozaukee County Natural Resources Committee unanimously approved the submittal and acceptance of the SEWISC grant application at its February 8, 2024 meeting (Ayes: Holyoke, Matera, Schoessow; Absent: Jobs, Ross). 25% of the total project budget is required as match and will be provided by a secured National Fish and Wildlife Foundation (NFWF) grant (\$6,312), in-kind Department equipment use (e.g. chainsaws, woodchipper) (\$1,191), and volunteer assistance (\$150 value) for a total project cost of \$11,153. The grant award reflects an increase of \$1,500 from NRC approval, hence less required match funding.

FISCAL IMPACT: Balance Current Year: NONE (Additional Revenue \$3,500)

Next Year's Cost: NONE

FUNDING SOURCE:

County Levy _____ Non-County Levy X _____ Indicate source: SEWISC Grant, NFWF SOGL Grant, In-kind Department equipment use and volunteer labor.

RECOMMENDATION: Approve and recommend to the Ozaukee County Board of Supervisors the budget amendment for the Southeastern Wisconsin Invasive Species Consortium, Inc. Assistance Program grant for invasive species management in Virmond County Park.

Agenda Summary Increase of Revenue Budget Amendment for a Natural Resources Foundation of Wisconsin Norma and Stanley DeBoer Quiet Trails Grant for Trail Development and Bridge/Boardwalk Construction at Hawthorne Hills County Park

BACKGROUND INFORMATION: The Ozaukee County Planning and Parks Department (Department) was awarded a grant from the Natural Resources Foundation (NRF) of Wisconsin Norma and Stanley DeBoer Quiet Trails Fund grant program to fund County activities for ongoing walking/hiking trail development at Hawthorne Hills County Park. The Department is completing master planning for Hawthorne Hills County Park that includes construction of a campground in conjunction with ongoing trail system improvements including development of new trails and bridges/boardwalks. Sugar Maple Nature School is temporarily leasing an area in the future campground to be used as a classroom and the trails will provide an established route to be used by students and teachers to and from the school area to the park and parking lots. There is also a need to formalize the trail system and manage existing informal social trails to avoid impact to sensitive ecological features and newly restored areas. NRF and matching funding will support design and construction of the trails and five associated bridges/boardwalks in Hawthorne Hills County Park. The Department will utilize a conservation corps team (e.g. Milwaukee Community Service Corps, WisCorps, AmeriCorps NCCC or GLCCC) to assist with construction activities in coordination with Department staff.

ANALYSIS: The total grant award is \$1,000. The Ozaukee County Natural Resources Committee unanimously approved the submittal and acceptance of the NRF grant application at its February 8, 2024 meeting (Ayes: Holyoke, Matera, Schoessow; Absent: Jobs, Ross). No formal match is required, but contributions from Sugar Maple Nature School, volunteers (e.g. AmeriCorps NCCC) and in-kind and budgeted Department staff time, equipment, materials, supplies and travel will support the estimated full cost of the project (\$15,744).

FISCAL IMPACT:

Agenda Summary Increase of Revenue Budget Amendment for a Cedarburg Foundation Grant for Public Access and Habitat Improvements at Covered Bridge County Park

BACKGROUND INFORMATION: The Ozaukee County Planning and Parks Department (Department) was awarded a grant from the Cedarburg Foundation to improve public access and the local ecology within Covered Bridge County Park (Park). Specifically, this grant will support invasive species management, native tree planting, trail development, and construction of a small parking lot at the new park parcel (5.65 acres) on the west side of Covered Bridge Road. The Department has been managing invasive species and planting trees in Covered Bridge County Park for several years, but the recent parcel addition expanding the park property does not have public access (e.g., parking or trails) and has not been managed or restored. In addition, follow-up ecological management is critical in previously managed areas to protect prior efforts. Invasive species management will be followed by native tree and shrub planting as part of a comprehensive effort to further restore the ecology in the Ozaukee County Park System. The western parcel has no formal public access, and staff and visitors need to park in existing parking lots east of Covered Bridge Road and cross the road, which is dangerous due to high vehicular speeds and limited visibility. Additional parking is also required to accommodate increased visitation with the new open-air pavilion building. There is also no formal public access to Cedar Creek in the western parcel, and this grant will also support trail construction to the creek in conjunction with invasive species management.

ANALYSIS: The total Greater Cedarburg Foundation grant award is \$10,000. The Ozaukee County Natural Resources Committee unanimously approved the submittal and acceptance of the Greater Cedarburg Foundation Grant at its November 2, 2023 meeting (Ayes: Holyoke, Jobs, Matera, Ross). No formal match is required, though the Department will leverage a pending US Forest Service (USFS) grant (\$10,000) and existing Parks budget and in-kind County staff time, equipment and supplies (\$10,000) for a total project cost of \$30,000.

Agenda Summary Supplemental Appropriation - Land Information Plan Projects

BACKGROUND INFORMATION: Ozaukee County Land Information was awarded \$70,000 in 2023 from the WLIP Strategic Initiative Grant. Per State Statute, these funds are to be exclusively used for projects laid out in the Land Information Plan. The county has two years to close out the grant, which is still open. There was a grant balance of \$18,800 not used at the end of 2023.

ANALYSIS: The Land Information Office plans to use the remaining \$18,800 for 2024 projects, including the 2024 Orthophotography and NG-911 centerline & address point data preparation. The Land Information Office wishes to simply carry over the remaining \$18,000 from the 2023 budget to the 2024 budget.

REAUTHORIZATION OF SELF-INSURANCE

WHEREAS, Ozaukee County is a qualified political subdivision of the State of Wisconsin; and

WHEREAS, the Wisconsin Worker's Compensation Act (Act) provides that employers covered by the Act either insure their liability with worker's compensation insurance carriers authorized to do business in Wisconsin, or to be self-insured from insuring liabilities with a carrier and thereby assuming the responsibility for its own worker's compensation risk and payment; and

WHEREAS, the Finance Committee at its May 23, 2024, meeting approved the continuation of the self-insured worker's compensation program, in compliance with Wisconsin Administrative Code DWD 80.60 (3).

NOW, THEREFORE, BE IT RESOLVED, by the Ozaukee County Board of Supervisors, that Ozaukee County shall provide for the continuation of a self-insured worker's compensation program that is currently in effect; and

FURTHER RESOLVED, that the County Clerk shall forward a copy of this resolution to the Worker's Compensation Division of the Wisconsin Department of Work-force Development.

Agenda Summary Reauthorization of Self-Insurance

In April 2024, the County's health insurance broker, Ansay & Associates, conducted an analysis comparing self-insured and fully-insured workers' compensation options for the County. They concluded that it is in the County's best interest to continue as self-insured. Over the past three years, the County has saved an average of \$414,220 compared to a standard fully-insured policy, by consistently staying below the County's self-insured retention (SIR) limit.

Even with a fully-insured policy, which provides dividends after annual audits, the County would still save money as a self-insured entity. A workers' compensation dividend, also known as a dividend plan or participating plan, is a return on premium that some insurance companies pay back to policy holders when their collected premiums exceed the claims and expenses paid out.

ORDINANCE NO. 24-2

**REPEALING AND REPLACING SECTION 10.04 (4) OF THE OZAUKEE COUNTY CODE
OF ORDINANCES PERTAINING TO REPURCHASE OF TAX DEEDED LANDS**

An Ordinance Repealing and Replacing Section 10.04 (4) of the Ozaukee County Code of Ordinances Pertaining to Repurchase of Tax Deeded Lands.

The County Board of Supervisors of the County of Ozaukee does ordain that Section 10.04 (4) of the Ozaukee County Code of Ordinances be repealed and restated as follows:

10.04 PROPERTY TAX COLLECTION

- (4) Repurchase of Tax Deeded Lands.
 - (a) In this Section, the following terms have the following meanings:
 - 1. “Beneficiaries” shall have the meaning given in s. 851.03, Wisconsin Statutes.
 - 2. “Heirs” shall have the meaning given in s. 851.09, Wisconsin Statutes.
 - (b) Prior to the sale of a tax-foreclosed property that Ozaukee County has taken title to, the former owner and his or her beneficiaries or heirs shall have the right to repurchase if the property is a single-family, owner-occupied property and may be given preference to repurchase other properties.
 - (c) Repurchase shall be contingent on the payment of:
 - 1. All costs and expenses incurred as provided under s. 75.36 (3) (a) 1. to 3., Wisconsin Statutes;
 - 2. The amount of property taxes that would have been owed on the property for the year during which the repurchase occurs if Ozaukee County had not acquired the property;
 - 3. An amount necessary to satisfy any other liens that existed at the time of the foreclosure; and
 - 4. The County’s costs associated with the repurchase.
 - (d) Repurchases made under the provisions of this Section are exempt from the requirements of Section 75.69, Wisconsin Statutes.

This Ordinance shall take effect upon enactment and publication.

Dated at Port Washington, Wisconsin, this 5th day of June 2024.

Agenda Summary Repealing and Replacing Section 10.04 (4) of the Ozaukee County Code of Ordinances Pertaining to Repurchase of Tax Deeded Lands

BACKGROUND INFORMATION: 2023 WISCONSIN ACT 207 requires counties to allow former owners and their beneficiaries and heirs to repurchase tax foreclosed single family, owner-occupied properties. Previously, statute provided that repurchase by former owners and their heirs of any tax foreclosed property was at county discretion. The Act continues to leave discretion to counties to allow former owners and their beneficiaries and heirs to repurchase tax foreclosed properties that are not single family, owner-occupied properties.

ANALYSIS: Ozaukee County's property tax collection ordinance currently provides that the County may allow former owners and certain heirs to repurchase tax foreclosed properties. The changes proposed to 10.04 are to bring the current repurchase language into compliance with the requirements of 2023 Act 207 in a manner that is as consistent as possible with the current repurchase provisions.

2023 Wisconsin Act 207 [2023 Assembly Bill 969]

County Sale of Tax-Deeded Land

BACKGROUND

Generally, ch. 75, Stats., regulates county¹ sales of tax-deeded² property. This chapter gives a county the power to sell property it acquires through tax deed and specifies processes related to this power. One of these processes is the ability for a county to pass an ordinance to give preference to the former owner who lost their title through a delinquent tax collection enforcement procedure. Also, once a county acquires a tax deed, the county treasurer must notify the former owner that they may be entitled to a share of the excess proceeds at a future sale. If there are excess proceeds after the sale of the property, the county must send those excess proceeds to the former owner. If the county is unable to locate the former owner within five years of mailing the notice of entitlement, then the former owner forfeits their right to any remaining equity. Lastly, current law requires a county to notice the sale and appraised value of tax deeded property by publication of a class 3 notice³ before it can be sold. There are various exceptions to this notice publication requirement, including for a county with a population of 750,000 or more.

2023 WISCONSIN ACT 207

2023 Wisconsin Act 207 makes various changes to laws governing county sale of tax-deeded property.

Right of Former Owner to Repurchase

2023 Wisconsin Act 207 requires, rather than allows, a county to have an ordinance or resolution giving former owners, their beneficiaries, or their heirs the right to repurchase land lost through tax deed by paying the county for all costs and expenses incurred, plus any taxes that would have been owed while the county owned the property and amounts to satisfy any other liens at the time of the foreclosure prior to the sale of the land. The ordinance must apply to single-family, owner-occupied properties, and may also apply to all other properties. Also, the act excludes repurchases by a former owner from the published notice requirements.

Calculation and Handling of Proceeds

The act makes several changes to the calculation of net proceeds from the sale of tax-deeded land and how a county handles unclaimed proceeds. First, the act adds reasonable and customary real estate agent or broker fees along with other actual costs paid for selling property in the calculation of proceeds. It also adds interest and penalties of unpaid property taxes, special assessments, and special

¹ These procedures also apply to a first class city (the City of Milwaukee). Unless the context specifically indicates otherwise, all powers granted to counties in this chapter are granted to that city. [s. 75.06, Stats.]

² Under ch. 75, Stats., tax deed means a tax deed executed under s. 75.14, Stats., a deed executed under s. 75.19, Stats., or a judgement issued under s. 75.521, Stats.

³ Publication of legal notices are generally regulated by ch. 985, Stats.

taxes in the calculation of proceeds. Lastly, the act removes lien repayment from the calculation of proceeds.

Second, the act changes how a county handles unclaimed proceeds. If the payment to the former owner is returned or not claimed within one year of it being mailed to the former owner, the proceeds are to be considered unclaimed funds and disposed of under s. 59.66 (2), Stats.

Timeline to Publish Notice of Sale

2023 Wisconsin Act 207 requires a county to advertise the sale and appraised value of the property by publishing on the county's website and either by publication of a class 1 notice or by advertising on a multiple listing service before the property can be sold. The notice must be published within 240 days of the county acquiring the property until 2026. Starting in 2026, the county must publish the notice of the sale within 180 days of acquisition.

Additionally, if the property is subject to an approval of discontinuance by the Department of Natural Resources (DNR), the county must publish the notice of sale within 240 days of the grant approval from DNR until 2026.⁴ Starting in 2026, the published notice must occur no later than 180 days after the grant of approval.

Exceptions to the Published Notice of Sale

The act replaces the exception from publishing the notice of the sale for a county with a population of 750,000, and instead requires a county to publish the notice within 36 months of acquiring the property, if the property is in a county with a population of 750,000 or more and meets any of the following criteria:

- The property is a vacant lot;
- The property is a residential property occupied by a person with a valid ownership or leasehold interest in the property at the time of foreclosure, but the property is not a single-family, owner-occupied residence;
- The property is subject to a redemption or sale-back process;
- The property qualifies for a raze order;
- The county has estimated a cost of repair that exceeds 50 percent of the property's assessed value in the year the county acquires it;
- The delinquent property taxes, fees, interest, penalties, and other costs exceed 75 percent of the property's assessed value in the year the county acquires it;
- The county has reason to believe the property is a brownfield; or
- The property is subject to a hazardous substance.

The act specifies that the sale of single-family, owner-occupied residences are subject to the general notice publication requirements, unless the residence meets all but the first two of the above-listed criteria. Also, if the property is located in a county with a population of 750,000 or more and the county acquires the property before the effective date of the act, the county must attempt to sell the property within 10 years of the effective date. If any property remains unsold after the 10-year period, the county

⁴ DNR approvals of discontinuance are regulated by s. 66.1006, Stats., which requires DNR approval for a town or county action that discontinues a highway, street, alley, or right-of-way that provides public access to any navigable lake or stream.

- 3 -

must advertise the sale of the property by publishing on their website and publication of either a class 1 notice or by advertising on a multiple listing service within 180 days of the 10-year period expiring, regardless of property type.

Lastly, the act allows any county to petition the circuit court that handled the initial tax foreclosure for relief from any of the provisions of ch. 75, Stats., including the deadlines for publishing notice for a specific property if the petition is filed no later than the deadline for publishing notice of the sale.

Miscellaneous Changes

2023 Wisconsin Act 207 also makes the three following changes to the law governing county sale of tax-deeded property. First, the act removes the ability of a county to exchange tax-deeded land for other land for agriculture and forestry or for parks and recreation. Second, it authorizes a county board to sell and convey tax-deeded land by open or closed bid. Lastly, the act creates immunity for a county from liability for acts or omissions associated with the sale of tax-deeded property including the process by which the property is sold.

Effective date: March 24, 2024, except that the act first applies to land acquired on or after April 1, 2022, unless the land is sold prior to June 22, 2024. With respect to the notice of sale for tax-deed lands acquired before the effective date of the act, the act first applies on November 19, 2024.
